Read :--

Letter from W. Scott Brown, Esq., C.I.E., I.C.S., Collector of Bellary. Ref. C. No. 3912/38A-2 dated 3-2-1939.

Subject:- Kudimaramatt - Hospet Taluk - Chikkajayiganur village - Vaddu katta - supply channel - silt clearance - Estimate for Rs.270/- - sanction - requested.

The vaddukatta supply channel is in charge of the Revenue Department. The channel is badly silted up with breaches in the banks of the channel and is in a neglected condition. The channel has never before been repaired at Government cost. Silt clearance has to be done by the ryots.

Due

Due to the poor seasons in previous years. the ryots are unable to do this work themselves. They are unwilling to contribute any portion of the expenditure. However I would consider that the ayacutdars should bear at least 25% of the cost.

2. In view of the poor seasons I recommend that the expenditure of Rs.270/- may be sanctioned and the expenditure be ordered to be met from the Minor Irrigation grants during 1939-40 under B.S.O. 86(5) sub para 3. The ryots share of contribution of Rs.67-8-0 may be ordered to be recovered under the provisions of Act I of 1858. The estimate is enclosed for reference and return.

REFERENCE:

Submitted to the Government for orders.

2. The Board requests that the Government will be pleased to sanction the estimate for Rs.270/- for silt clearance and closure of a breach in the Vaddukatta supply channel subject to the conditions that the ryots should bear 25% of the cost and that they should maintain the supply channel in future by kudimaramath.

From the Bd. of Rev. Rycee. G. No.

To hs

Please see the Rycee from the Bd. of Rev. on the subject. The proposal is that the silt clearance from the channel in question should be done under Govt. cost (Rs. 270) subject to a contribution of 25% thereof by the ryots. The Collr reports that the channel has never before been repaired at Govt cost, that the silt clearance has to be done by the ryots, that due to the poor seasons in previous years, the ryots are unable to do the work (transplanted recently) are unwilling to contribute anything, & that the Collr considers that the ryotwadars should bear at least 25% of the cost.

2. In another case relating to the Ramnad dt. the Fin. Addl. Dy. Secy has suggested that even in a case

season ~~the ryot~~ Kudimaramath by the ryots ~~should~~ might be enforced as it is open to them to do the work themselves and to avoid having to contribute in cash. He has also observed that presumably the ryots would have no claim to season remissions if they fail to get adequate supply on account of their not having done Kudimaramath. The file is linked.

3 It is for orders whether the Bd's recommendation in the present case as a spl. case may be accepted. A draft order is subtd. for approval. It may be sent to Govt. for acceptance.

May be accepted. Please see the top file
